

AVONWORTH HISTORICAL SOCIETY

IS MOVING TO BEN AVON

INTO THE ORIGINAL WILLIAM H. ELSTE BUILDING!

AHS is excited to announce that the former Elste's grocery store at 7119 Church Avenue is under new ownership and renovations are underway for our new offices. AHS board member and longtime community resident, Lynn Evans, purchased the building in March with intentions of "giving back to the community she loves." Her vision and generosity will enable AHS to continue serving the Avonworth area by housing our extensive repository of local information and memories. Our new home will enable us to fulfill our mission of reaching current and future generations with our unique cultural history. The office will also provide a comfortable community gathering space for meetings, research and lectures. We extend our heartfelt gratitude to Lynn as we work together to make this historically-significant

building an ideal home for AHS. We welcome community support, both donations and carpentry skills, and look forward to your participation and visits! Contact us or become an AHS member online at the website listed below and receive our informative quarterly newsletter, The Chronicle. Be a part of preserving and promoting local history for future generations!
